z....o...m..b..i..e...s!!! Including the people she bit as well.

## Chapter 2

### The Warehouse

All the people who managed to escape Eagle High School went to hide in a warehouse nearby. As they opened the door they were surprised to see other high schoolers from another school who had survived. The only reason they came to the warehouse is because they knew it would have lots of weapons and be very safe. A boy named Leonardo said "let's get some weapons.

Surprisingly they did what he said. Someone else said "Let's dress as z..o..m..b..i..e..s!!! So we can go spy but make sure to bring the crossbow and that rope over there, these walkie talkies and flash lights to help us in if we get lost." All the students in the warehouse Thought this was a good idea so they did it.

## It's All Over

When they finally saw the Zombie lair, they saw all the z..o..m..b..i..e..s!!! Making more of the sauce that Lucy had put on her burger. Leonardo whispered " they put the sauce on Lucy's burger! They are the ones who fed her the sauce. Leonardo began to think. There were way too Zombies to capture all at once.

Just then, Leonardo remembered that he had 100 water-Balloons in his bag. He knew that if he managed to get everyone to fill them up with water, all the high schoolers could throw them at the z..o..m..b..i..e..s!!! Causing them to melt away. Leonardo gave all the balloons out to each highschooler. "On the count of 3. 1..2..3 Strike!!" Leonardo shouted!!!
