

## Chapter 1 The toy factory

There once was a boy who had a big mansion it was very big. His name was Steve, he loved toys and wanted to be a toy worker and heard a toy shop called Poppy Playtime

He saw a toy called Bunzo Bunny it was yellow after the tour he realized he was lost and was nowhere to be found. It was a night and he saw a toy called Huggy Wuggy. He went to leave but when he came back Huggy Wuggy was gone it was a mystery

# POPPY PLAYTIME

## Chapter 2 the unknown

He saw a key that said power it must be for the power room once he put the key into the key lock there was a another door that needed a pin .

He gussed 9145 but it was wrong  
He was worried but he remembered  
when he came there was a code called  
1738 so he tried it and he was correct  
he turned the power on after he saw a  
Grabpack witch was blue. He tried to call  
his mum but the battery died he was  
scaried after he slept on the floor but  
when he woke up he was in the vents...

### Chapter 3 Escape

The vents were smelly but useful he went to the north direction  
He ended up on the make a friend machine After he made a toy  
It was a cat and a bee together it was wonderfull but he needed it the open  
A door so he scanned it and it opened

He saw huggy wuggy's hand for a second it disappear than he started chasing me it was long till i killed him when i threw a box with my grapback and he died after i found a flower with Doll called poppy and the cage opened

...

Chapter 4 the game station.it wastnt long till the doll came alive steve was confused about how the toys were alive.poppy told them that They were using soul this made steve very scared so poppy said there was a code to the train station so they went but the giant big spider came to grab poppy and she was gone and the monster had 3 games to get The train code but steve was tired on the 3rd game and he cheated it made mommy long legs mad after a chase starded but steve eventually killed mommy and left but the train but it crashed...
