

DEADPOOL VS. GHOSTFACE

By Kaiden

"I'm going to beat you up!" shouted an angry Deadpool. Without pausing for breath, Deadpool launched a punch at Ghostface. Stumbling backwards, Ghostface screamed. He collided with a moving car and fell into a ditch and got very injured.

This villain loves to torment children; he teleports and haunts them. This murderer has loads of enemies; he carries a weapon everywhere. Ghostface was a man of terror and deceit without hesitation he would kill his victims, every Halloween he would put the mask on sale and when you buy it you will see his face everywhere if you were to even run he will teleport to you then he will kill you. Ghostface's most striking feature was without a doubt his baggy black cape which concealed his gigantic body.

Ghostface went back to Deadpool and tried to punch him. Luckily, Deadpool dodged it then punched him again. The hero then got his gun and shot Ghostface in the head. Ghostface died.
