

# Short Courses for Children with EBSNA

## Wellbeing & Education Safeguarding

The Wellbeing and Education Safeguarding Team are offering short courses for children who are finding it difficult to attend school due to anxiety, low mood or other mental health needs resulting in a presentation of Emotional Based School Non Attendance. These courses will run for 5 or 6 weeks during the Summer Term, and are for groups of up to 8 children. The groups are an opportunity for children to interact with their peers in a low pressure child-lead learning environment, and should be seen as a supportive step to returning back into education.
