<p><b>EYFS:</b> We have had a brilliant week with a range of activities - we tasted Laddoos for writing, we made straw dolls for Hispanic day, and created a play garden. We have also started having a think about our transition into Year 1 and how it will be different to Reception. A special friend from Year 1 came to share how fun she's found Year 1 and made us feel so excited for our future learning.</p>	<p><b>Year 1:</b> It has been a busy week in Year 1 as we have been completing our assessments. The children have worked really hard and we are very proud of their work! In science we have been learning about different plants and how to identify them. In RE we have been learning about why Jesus told stories and what a parable is, and have enjoyed listening to different stories he told.</p>	<p><b>Year 2:</b> This week has been such a busy one for Year 2. We have worked so hard to finish all of your assessments and have shown great resilience which is already paying off in some fantastic results! You should be so proud of yourselves! We have also been busy practicing our singing for International day on Monday and we have been learning about the baptism of Jesus, comparing schools in the UK and Jamaica and learning to programme using Scratch Jr.</p>	
<p><b>Year 3:</b> I am so proud of Year 3! This week, they completed a range of assessments and absolutely smashed them! Not only that, but they also put on an incredible salsa dancing performance in honour of Hispanic Day.</p>	<p><b>Year 4:</b> We have been working hard this week! We have been busy completing all of our assessments! The children have worked incredibly hard and the progress they have all made is amazing! On Hispanic Day we learnt about all the different Spanish speaking countries and made some beautiful flags! In science we carried out an experiment to observe the changes of state from a solid, liquid and gas!</p>	<p><b>Year 5:</b> Year 5 have been working hard this week in all their subjects, especially their assessments! They have completed assessments with the utmost resilience and I am very proud of them, well done year 5! Within Science we looked at different materials and their properties, preparing for an experiment next lesson! Within Maths we continued to work with fractions, building on prior knowledge and making connections. In our writing lesson year 5 have produced amazing balanced arguments, using amazing writers knowledge. Within RE, year 5 looked at how art is conveyed within different religions, linking different topics with religious studies. Well done year 5 for your hard work this week!</p>	
<p>In Humanities, they have continued learning about the water cycle and the three different types of rainfall: relief rainfall, convectional rainfall, and frontal rainfall.</p>			
<p>Year 3 have also been practising their song, ready to put on a show-stopping performance for you on Monday.</p>
